🎓 EDUCATION

Java Backend Development(Fulltime)

Masai School

November 2022 – July 2023

Bachelor in Arts

Janta Vedic College

May 2019 – August 2022

Higher Secondary Education

Intermediate college of Education

April 2018 – May 2019

📁 PROFESSIONAL EXPERIENCE

Software Development Engineer Intern

November 2023 – present | Bengaluru

🔧 TECHNICAL SKILLS

Java • Hibernate • SpringBoot

Rest API's • Java Security • MySQL

JavaScript • React • Python

GitHub • CSS • HTML • Mongo DB

🧠 SOFT SKILLS

Time management • Creative thinking

Adaptability • Problem Solving

📁 PROFESSIONAL SUMMARY

Software Engineer with 2+ months of experience in developing and maintaining web applications. Proven ability to work independently and as part of a team to deliver high-quality products on time. Expertise in **Java, Python, Spring Boot, MySQL, Rest Api's, Git/Github, React, Javascript**. Seeking a challenging position in a fast-paced environment where I can use my skills and experience to make a significant contribution..

📁 PROJECTS

Sweet Mart ✍

- Developed a resilient backend with RESTful APIs for an online sweet shop, incorporating Spring Security for seamless authentication and authorization, ensuring a secure experience for customers and administrators.

Features:

- Login/Signup
- Admin Crud
- Customer Module

Tech Stack:

- Spring Boot, Security, Hibernate
- MySQL
- HTML/CSS/JavaScript

Areas Of Responsibility:

- Led the development of the Admin module for end-to-end CRUD operations, encompassing both backend and frontend implementation.
- Spearheaded Spring Security integration in collaboration with a skilled team of 3 members.

PayBeel ✍

- Developed a sophisticated console application facilitating user applications for electricity connections. Additionally, engineered an administrative module empowering seamless addition of consumers who have applied for new connections.

Features:

- CRUD
- Generate Bills

Tech Stack:

- Utilized Core Java to single-handedly deliver a comprehensive project in just 5 days, showcasing efficiency and expertise in crafting robust solutions.

Dauidsbridal Website-Clone ✍

- David's Bridal, a prominent US clothier, specializes in crafting intricate wedding dresses, elegant prom gowns, and refined formal wear with precision engineering and timeless design expertise.

Features:

- Admin Page.
- Filtration and product sorting.
- Payment Page.

Tech Stack:

- HTML | JavaScript | CSS | JSON Server.

Areas of Responsibility.

- Led Admin module development for CRUD operations and implemented the cart page in a collaborative project with a 5-member team.
